## ABOUT

I am a React.js and React Native developer with proficiency in Node.js. Committed to staying updated on the latest technologies, I have specialized in cross-platform solutions using React.js and React Native.

## SKILLS

Javascript	React JS
React Native	Rest API
Context API	Form Hook
Reusable Components	Custom Hook
React lifecycle	MUI
Styled Components	Responsive UI
HTML 5	CSS 3
J Query	Bootstrap 4

## EDUCATION

 **Punjab College**, ICOM

Sept 2013 - May 2015

 **Heritage College**, Bachelors Computer Science

Nov 2015 - May 2017

## WORK EXPERIENCE

 **PERSONAL PROJECT**, Full Stack React Native App

10/2023 - 11/2023

Created a cross-platform chat app using React Native Expo, Node.js, PostgreSQL, REST APIs, and Socket.io. The app seamlessly integrates communication features, supporting personal rooms. Real-time functionalities include online friend status, message read receipts, and a user-friendly friend search feature for initiating conversations.

 **PERSONAL PROJECT**, Full Stack React Academy App

03/2023 - 07/2023

Developed a tailored online class solution with React.js, Node.js, PostgreSQL, REST APIs, and Socket.io. Integrated video calls, chat rooms, and FAQs. Implemented a timetable generator for efficient scheduling and prevent collisions. The system included role-based dashboards for administrators, teachers, and students.

## CERTIFICATIONS
